Inspired by Billy Wilder's classic *Sunset Blvd.* and directed by that notorious director of all things gay, perverse and political, this is the ten year anniversary edition of Bruce LaBruce's cult sensation, *Hustler White*, a white-trash sensation that serves up a fresh dose of the seedy and the needy on Santa Monica Boulevard. Madonna's one-time toy boy and LaBruce muse Tony Ward takes the lead as Monti, a street-wise and drop-dead-gorgeous hustler who catches the eye of roaming out of townerner Jürgen (Bruce LaBruce). As Jürgen pursues his new-found crush he stumbles upon a tantalisingly bizarre array of LA's weirdest residents, including a born again country singer, a razor blade masochist, a mortician cum dominatrix and an amputee fetishist. *Hustler White* is an old-fashioned love story wrapped up in titillation, depravity and the most mind-bending of back room shenanigans.

DVD includes...
