Synopsis

Hot on the high heels of runaway success *Here Come The Girls*, this second compilation of lesbian short films raises the stakes and delivers more bang for your pink buck.

Featuring short films from established lesbian film directors from across the globe, a wide selection of themes and narratives focusing on lesbian romance and women in love are touched upon, from controversial encounters such as sleeping with Dad's new girlfriend, first-time follies at the local dyke bar, vampire fist-fights and gun-totin' schoolgirls!

A History of Lesbian Short Film distribution in the UK

In 1993 Tom Abell's *Dangerous To Know* was the first distributor to release compilations of short films on the VHS Home Video format. *Lesbian Lykra Shorts* and *Boys on Film* introduced a number of new filmmakers to an international audience. Other territories were swift to follow and shorts compilations became a popular way of showcasing new talent who went on to become celebrated and successful filmmakers.

These compilations were followed by *Lesbian Leather* shorts – which included a short starring a very young Lucy Lawless ('Xena: Warrior Princess', 'Battlestar Galactica') and five more volumes of *Boys On Film*. Meanwhile, Millivres Multimedia released their own compilations, *Dinner Party Shorts* and *Desirables*, which in 2007 were acquired by Peccadillo.

Now, Peccadillo Pictures is planning to release a whole new wave of lesbian shorts, with several more already planned for release in 2010.
