

A film by Bruce LaBruce
cult director of *Hustler White*, *No Skin Off My Ass* and *The Raspberry Reich*
OTTO; or, Up With Dead People

DVD Release Date: July 12th Running Time: 94 mins Cert: 18
RRP: £12.99 Extras: Deleted Scenes

Fresh from his grave, confused young gay zombie Otto has memory problems, so he goes in search of the truth in the seedy underground art squats and S&M clubs of present day Berlin. It is here that he meets crazy avant-garde lesbian filmmaker Medea and her girlfriend Hella, who both encourage him to star in their political horror porn movie. However, things get complicated when Otto discovers he had a dishy ex-boyfriend, Rudolf, and pines of rekindling their relationship. Will Otto find his old flame? And if he does, how will he resist eating him!?

Packed with oodles of undead sex and outrageous zombie satire, *Otto; or, Up With Dead People* is Bruce LaBruce's most audacious piece of cult cinema yet!

"Is in better (dis)taste than the current slew of torture flicks like *Saw* and *Hostel*. Leave it to LaBruce to disturb both the living and the dead!"
